

AHMAD MUZZAKI MAHMUD

Operations Manager | FMCG and Consumer Goods | Remote-Ready

Bandung, Indonesia | +62 856 9194 1310 | ahmadmuzzaki@gmail.com | linkedin.com/in/ahmad-muzzaki-m-05556576

PROFESSIONAL SUMMARY

Operations professional with 6+ years across FMCG, consumer goods, and food and beverage in Indonesia, combining corporate operations leadership with three founder or co-founder ventures built from the ground up. Most recently led a 9-month operational turnaround at a 30-person FMCG manufacturer, reducing COGS by 40-45% and tripling seasonal revenue. SAP-SD certified with hands-on experience in production planning, cost control, supply chain management, SOP development, inventory management, and e-commerce operations. Seeking remote and international roles in operations, supply chain, or business management.

CORE SKILLS

- Operations Management
- Supply Chain Management

- E-Commerce Operations (Tokopedia, Shopee, GrabFood, ShopeeFood)
- Vendor Negotiation and Procurement
- Budget Management and P&L Analysis
- Cross-Functional Team Leadership
- Process Improvement and Continuous Improvement
- KPI Monitoring and Workforce Analysis

PROFESSIONAL EXPERIENCE

Independent Business Consultant | Jul 2025 - Present

Operations and Commercial Consultant - Remote / Freelance | Indonesia

- Delivered operational consulting to F&B client Dapur Nimo: reduced production costs by 30% through strategic supplier sourcing and secured 14-day payment terms to improve cash flow flexibility.
- Expanded client market reach from B2B-only into B2C retail by launching on GrabFood and ShopeeFood, covering food photography, copywriting, discount structure, and repeat-order incentive programs, opening a new revenue channel that previously did not exist.

PT Lokasaji Group | Oct 2024 - Jun 2025

Senior Manager | Bandung, Indonesia

- Reversed a critical cost structure at a 30-person FMCG snack manufacturer: sourced 3 new direct suppliers with 21-day payment terms and converted best-seller SKUs from outsourced to in-house manufacturing, cutting COGS by 40-45% within 9 months, down from a prior ~80% per key product.
- Closed 2 underperforming branches and redirected resources to online frozen food sales and bazaar channels, driving 3x Ramadan revenue growth year-over-year at significantly improved margins.
- Implemented Accurate ERP system for integrated production monitoring, inventory management, reorder point tracking, supplier and customer payment reconciliation, and payroll, replacing a previously untracked manual system.
- Conducted KPI-based workforce analysis across the 30-person team, identified 3-4 redundant roles, built data-driven business case for ownership approval, and led restructuring execution to improve operational efficiency.
- Overhauled Shopee and Tokopedia storefronts: improved customer chat response rate from 20% to 67%, implemented SOP for complaint resolution and refund policy for warehouse fulfillment errors, strengthening platform ratings and buyer trust.
- Served as primary liaison between ownership and cross-functional teams, presenting operational analysis and cost projections that secured buy-in for major restructuring decisions; improvements contributed to the company attracting investor interest within the 9-month tenure.

CV Angsana | Aug 2020 - Oct 2024

Business Development Supervisor | Bandung, Indonesia

- Built company's first B2C e-commerce presence on Tokopedia from scratch, achieving 5-star seller status and 200+ verified positive reviews within 60 days of launch, with zero returns throughout the tenure through disciplined QC and complaint-handling protocols.
- Acquired 10+ new B2B clients across restaurants, cafes, and catering businesses; onboarded 2 new cost-efficient suppliers with 30-day payment terms, expanding the product line and improving procurement cash flow.
- Designed and implemented optimized B2B delivery routes and demand planning schedule, improving distribution efficiency across the client network.

CV Angsana | Mar 2019 - Aug 2020

Sales and Distribution Staff (Part-time, concurrent with undergraduate studies) | Bandung, Indonesia

- Acquired 7 new B2B clients through direct prospecting; initiated and drafted the company's first formal client payment contracts including delivery suspension clauses for overdue accounts, protecting company cash flow.
- Negotiated credit terms of 7-14 days per client based on payment credibility; independently built a frozen food e-commerce website to extend market reach beyond direct B2B sales.

SKANT House of Perfumery | Oct 2022 - Sep 2024

Founder and Chief Executive Officer (concurrent with CV Angsana role) | Bandung, Indonesia

- Founded a boutique perfumery brand from scratch using imported authentic essential oils; sold 200+ units within the first 2 weeks of launch across Tokopedia and Shopee, maintaining 5-star ratings with zero returns.
- Reduced production costs by 28% through AI-driven supply chain optimization and strategic ingredient reformulation without compromising product quality; enforced multi-stage QC SOP achieving zero defect returns throughout commercial operation.
- Designed and built all operational infrastructure from scratch including financial management, production scheduling, inventory management, and order fulfillment, managing a team of 4. Brand currently on hiatus; IP and formulations retained.

One Million Coffee | Nov 2019 - Apr 2022

Co-Founder and General Manager | Bandung, Indonesia

- Co-founded an iced coffee venture generating average monthly revenue of IDR 30-50 million; built from site selection and construction through supplier negotiation, product development, and multi-channel distribution across retail store, Tokopedia, and a 4-partner reseller network in West Java and Jakarta.
- Pioneered a 1-liter packaged coffee format during COVID-19 road closures, among the first vendors in Bandung to adopt this model, unlocking home delivery and reseller channels that sustained operations for 6+ months through the most restrictive period of the pandemic.

PT Pandawa LED | Jun 2021 - Nov 2021

Finance Staff | Bandung, Indonesia

- Managed daily financial recording across revenue, expenses, petty cash, reimbursements, and sales commission calculations using Accurate ERP software, coordinating with a 3-person finance team and reporting to company directors.
- Offered promotion to Finance Supervisor based on performance; concluded engagement to focus on co-founding responsibilities at One Million Coffee.

EDUCATION

Universitas Widyatama | Bandung, Indonesia

Bachelor's Degree in Business Management | Aug 2016 - Jan 2020

Cum Laude | GPA 3.92/4.00 | *Academic Achievement Improvement Scholarship (Beasiswa PPA)*
